Who Keeps Track of Votes?

The Clerk of the House of Representatives maintains a list of votes for each motion and bill that is voted on by the full House. These recorded votes are called "roll call votes."

How can I look up a vote cast by Congressman Cooper?

Simply follow the easy steps listed below to look up a vote cast by Jim or any other member. Note: You may want to read all of the steps before clicking on the appropriate links.

### Step 1

Visit the Clerk's Roll Call Vote webpage.

The far left column labeled "Roll" will give you the number of the roll call vote. Moving to the column on the right, you see the date the vote was cast. The "Question" tells you if the vote was on final passage, on an amendment, or as otherwise noted. The "Result" is the outcome: P=passed,

F=failed, and A=the amendment was agreed to. The column that is cut off from view on the right tells you the title/description of the measure. All votes are posted in reverse chronological order (most recent at the top).

## Step 2

Click on the appropriate

"Roll" number on the same row as the title/description that you are interested in. If it is an older vote that you are interested in (must be in the same year), move to the bottom of the screen and you will encounter a similar image as seen on the left. Simply click on a previous set of roll call votes.

## Step 3

After clicking on the appropriate roll, you will be taken to this page. Scroll down to see how Jim voted on this measure.

## For Votes From Previous Years

Visit the Clerk's Legislative Activities webpage and select a different session of Congress in the drop down menu or click on the link entitled "Roll Call Votes of Previous Congresses."

Why doesn't the office maintain its own list of votes on this webpage?

The Clerk's Roll Call Vote webpage provides the fastest access to a complete list of votes cast in the House of Representatives. Posting the Clerk's list of votes here would be a duplication of services readily available to the public. We believe in complete openness and want users of this site to have fast, complete and unbiased access to all votes cast by Jim and other members of Congress.

## Other Vote Reports and Legislative Information

The Library of Congress' "Thomas" search engine allows you to check the status of a bill or resolution by subject or number. If the bill or resolution has been voted on, the status will reflect the votes of each member of Congress, including that of Congressman Cooper. You may search this database by clicking on the Thomas icon in the left margin of this page or from Jim's home page by entering a bill number or search text in the appropriate space in the left margin.
